

Community

For now please use OpenWebBeans mailing-lists, JIRA and IRC channel.

See [OpenWebBeans Community](#) page for more details.

Source code

Source code can be found at <http://svn.apache.org/repos/asf/openwebbeans/mecrowave/trunk/>

```
svn co http://svn.apache.org/repos/asf/openwebbeans/mecrowave/trunk/ mecrowave
```

Build it

To build the project just run maven:

```
mvn clean install
```
